

COVER LETTER

Letter

Dear Hiring Manager,

In pursuit of my passion and the best use of my strengths and skills, I was excited to find the Full Stack Engineer - Early Career opportunity with Apple.

Similar to Apple, my goal is to remain on the cutting edge of advancements. I specialize in identifying innovative approaches and improving solutions to business challenges which both motivate and drive me.

I am artistic and dependable. I have cultivated HTML, CSS, Javascript, MySQL, AWS, Azure, GCP, React, & Node.js skills through a range of practical experience.

My strengths lie in critical thinking, management skills, organization, effectively meeting deadlines, and working well with others as a team player. I pride myself on being a fast learner and feel confident that I can quickly acquire any new skills I'll need to succeed in this role.

These strengths, combined with my passion for the industry have created a strong foundation to meet the needs of the Full Stack Engineer - Early Career opportunity.

I know that my creative abilities, strengths, skills, and determination will serve to bring a valued addition to your organization. I look forward for the opportunity to create and grow as your new Full Stack Engineer.

For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,

Brighton Young

LOGO DESIGN

Built with purpose, passion and drive, integrating the connections, relationships and promises people value the most.

PRINT DESIGN

I love making brands memorable. by doing something different than the rest. Whether that's an edible sugar sheet, animated logo or quality lamination.
